Heroes Of The Bible Devotional: 90 Devotions To Help You Become A Hero Of God!

Synopsis

Ask any 12-year-old kid to describe a hero, and you will get some of the following answers: a superstar athlete, a soldier on the front lines, or a guy in a cape who can jump over buildings. Most of our heroes are related to human achievement and glory, but the Bible has a very different concept. The list of people who were great in God's eyes might shock you. This devotional book is about their stories. The 90 devotions feature the qualities of Bible characters that made them heroic. From Moses to Esther to Jesus, kids will learn more about how these Bible people pleased God. They will know that qualities like courage, worshiping God, and being a true friend are heroic actions. The devotional features line drawings of the Bible characters to further help youth identify with and learn about the people in the Bible.

Heroes of the Bible Devotions: 90 Devotions to Help You Become a Hero of God! is a devotional geared at tween boys, of which I have one and let me say the minute he saw this book he has wanted to get his hands on it. The cover art is perfect for a boy of this age as it is like a graphic novel. But let's not leave out the girls. There are great girl heroes in this devotional as well so I'm sure many tween girls would enjoy it as well. The devotional is divided into sections for each hero with several days of devotions for each one so that you can really get a feel for that Bible character. Each day includes something that a true hero for God does, a hero's tale, a section called decoding

the message, and a battle plan. The hero's tale is the meat that talks about the verse and about the hero they are looking at. The section called decoding the message is a section that helps your young person apply this to his life. And finally the battle plan gives you something to do such as memorize a verse. There are also gospel connections sprinkled throughout which I love. The gospel is the most important thing and I love that he ties it back to that. I truly can't recommend this book enough. It is fabulous!

Heroes of the Bible Devotional is a great study geared for children. This is a 90 day devotional that teaches kids that not only were people in the Bible people like you and me who experienced both success and failures, but that they were also heroes because they loved and served God. This devotional also explains that they too can be heroes just by serving God and it gives great examples of this through telling the stories of people like Noah, Hezekiah, and David. The devotional also tells its readers what important truths they can learn from each of these characters and how those truths can apply to their lives so they can be God's heroes too. I also like how they used creative titles to encourage kids to apply what they learned from not only the Bible but also the devotional. This devotional is a great study for kids because it not only teaches them how to be heroes for God, but it also is written in a way that they will understand and be entertained too.

My 9 year old son reads this every night without asking. He loves the stories and wants to tell me all about them. It's a great introduction to stories of faith in the Bible, making it relevant and age appropriate.

This book holds great appeal for the target audience, kids aged 8 - 12. It has a graphic novel quality to it that would appeal to kids that love comic books, while the arrangement of the text provides structure, but also gives younger readers sections to focus on without being overwhelmed with a long bunch of words. All together, the appearance of the book is perfect for kids. As far as the content, I love it! I love devotional books or other books geared for kids that I can learn from and this one offers a lot of information in a very user friendly format. Cooley takes well-known people from the Bible and tells their story in a way that is easy for kids to understand. Readers get to know Noah, Moses, Jonathan, Daniel, Jonah, and many others. But the best part is that Cooley draws connections from the heroes to the kids. For example, he talks about how Jeremiah thought he was too young to be used by God and helps readers to see that God can use anyone. The best part of this book is that after readers learn the story about the hero from the Bible, they are encouraged to

internalize the lessons learned and make their own Battle Plan, which is a short exercise to apply the lesson to their life. Most of the Plans are quite short, consisting of memorizing a verse or spending some time in prayer. I think this is a great book that is perfect for the 8-12 age bracket. Younger readers can gain experience working through a devotional independently and start to develop individual Bible study skills. If you are looking for an awesome devotional for a tween, this is a great choice!

I really like this devotional for my 8 year old son. It has sparked some great discussions and let him share his thoughts with us. It is written in a way that is engaging to him, yet what we have read so far has been sound in its teachings. Great purchase.

After reading all the reviews, I finally bought this for my 7 year old son. He can't put it down! He has always loved hearing stories about David and went straight to that chapter. He has also enjoyed reading and learning about the other Bible Heroes.

My two oldest boys - ages 6 and 9 - just love this book, and it doesn't require theological corrections from daddy along the way. It is a devotional that just resonates with boys. You won't be sorry.

This comicbook style devotional features well-known bible heroes like God, Abel, and Jonathan, as well as some lesser known bible heroes like Joash and Gideon (which I thought was pretty cool). It also features a couple of girls (Ruth and the Jewish Slave Girl); however, I don't really think this book would appeal to most girls. It's quite masculine and I totally love it--for my little guy. My son is only 6, but I'm saving this book for him for when he's a bit older. He's going to love it! It's got a comic book, superhero kind of presentation to it and that will definitely appeal to him. This is such a unique devotional, and it's nice to see a very boyish devo for boys older than... say... 3. Not something I can recall coming across before. It's cool and it reveals an important truth: while Captain America and Wolverine are pretty awesome superheroes, there's no superhero as awesome as Jesus, and the other heroes in the bible not only did great things for God, but they were flawed people just like us. Flawed, but with a faith God could use to turn them into heroes... and He can do the same with us.
