THE SCREWTAPE LETTERS (Timeless Wisdom Collection Book 1002)

Synopsis

There are two equal and opposite errors into which our race can fall about the devils. One is to disbelieve in their existence. The other is to believe, and to feel an excessive and unhealthy interest in them. They themselves are equally pleased by both errors and hail a materialist or a magician with the same delight. The sort of script which is used in this book can be very easily obtained by anyone who has once learned the knack; but disposed or excitable people who might make a bad use of it shall not learn it from me. Readers are advised to remember that the devil is a liar. Not everything that Screwtape says should be assumed to be true even from his own angle. I have made no attempt to identify any of the human beings mentioned in the letters; but I think it very unlikely that the portraits, say, of Fr. Spike or the patient's mother, are wholly just. There is wishful thinking in Hell as well as on Earth. In conclusion, I ought to add that no effort has been made to clear up the chronology of the letters. Number XVII appears to have been composed before rationing became serious; but in general the diabolical method of dating seems to bear no relation to terrestrial time and I have not attempted to reproduce it. The history of the European War, except in so far as it happens now and then to impinge upon the spiritual condition of one human being, was obviously of no interest to Screwtape.

Customer Reviews

Today I loaned a copy of "Screwtape" to a young woman - the receptionist where I work -- who just celebrated her 21st birthday. I HOPE she enjoys it, even as I wonder if a fifty year old book could strike a chord with her -- the way it did with me, when I was her age. She seemed eager enough to borrow a copy (I have two) just as soon as I described the book's delightful premise:"Screwtape" I told her, "is letters from a senior devil to a junior devil - and it's the funniest thing C.S. Lewis ever wrote - Have you heard of C.S. Lewis?" I asked. "No? Well he authored `Narnia.' (Neither of us has seen the movie yet.)I told her 'Screwtape' is funny because (like all good humor) it seems so TRUE. Or at least you want to BELIEVE it's real, as `Screwtape' the experienced devil coaches his nephew `Wormwood' in his first assigned task: to "secure the damnation" of his 'patient' -- a young man who has just become a Christian.As with "Narnia," the story unfolds in wartime (WWII) England. That's a long time ago for someone 21 years old and "I'm really interested" I said "to find out if the 'dialogue' of this book still speaks to someone your age.""Personally, I think it would make good movie" I said. "It has been made into a talking book - read, I think, by John Cleese - the funny guy who starred in the movie `A Fish Called Wanda" - I read somewhere he's recorded a version of `Screwtape.'

"----So . . after loaning that copy of "Screwtape" today, I opened, at random, my OTHER copy -- it fell open to page 24 -- and I re-discovered why I've loved this book so much for so many years.
