Letting It Go

Synopsis

A Holocaust survivor struggles to let go of the pastMiriam Katin has the light hand of a master storyteller in this flowing, expressive, full-color masterpiece. A Holocaust survivor and mother, Katin's world is turned upside down by the news that her adult son is moving to Berlin, a city she's villainized for the past forty years. As she struggles to accept her son's decision, she visits the city twice, first to see her son and then to attend a museum gala featuring her own artwork. What she witnesses firsthand is a city coming to terms with its traumatic past, much as Katin is herself. *Letting It Go* is a deft and careful balance: wry, self-deprecating anecdotes counterpoint a serious account of the myriad ways trauma inflects daily existence, both for survivors and for their families.Katin's first book, *We Are On Our Own*, was a memoir of her childhood, detailing how she and her mother hid in the Hungarian countryside, disguising themselves as a peasant woman and her illegitimate child in order to escape the Nazis. The stunning story, along with Katin's gorgeous pencil work, immediately garnered acclaim in the comics world and beyond. With *Letting It Go*, Katin's storytelling and artistic skills allow her to explore a voice and perspective like no other found in the medium.

Miriam Katin is a Hungarian-born Holocaust survivor who lives with her husband in New York. She is an artist and her husband is a musician. Born in 1942 in Budapest, Miriam and her mother went into hiding in the Hungarian countryside, posing as a Christian woman and her daughter, after the

Germans invaded the country in 1944. She has written a previous book, "We Are On Our Own", which depicts in graphic-style the life she and her mother lived til the war was over. I haven't read many graphic novels; Katin's might be the fifth or sixth. I can't really comment on the art except to say it is drawn mostly in pencil - both gray and colored - and is very appealing to the eye. The story, though, is what really sets "Letting It Go" off from many works of Holocaust literature. Miriam Katin's book is about the journey she made - both in body and in spirit - to the city of Berlin, first in 2005 and another trip a year or so later. She had grown up as a hater of Germany and all things German. (And who would blame her?) When she was in her late 60's, her son, Ilan, told her and her husband that he had decided to settle in Berlin and was trying to adopt EU citizenship. Would she claim him as the child of a Hungarian citizen so he could claim EU status. (Even though Katin had US citizenship, she was still considered Hungarian by her place-of-birth. The exact details of this are a bit sketchy in the book.) Faced with examining her past by Ilan's request and talking it over with her mother - the woman who had saved her life during the war - she decided to go through the onerous process of the paperwork. Next up was a trip to Berlin with her husband to visit her son and his girlfriend. The balance of the book/art is about her visits to Berlin.
