Martin Luther explains heavenly theology down to earth so that everybody can understand and relate to it. This collection comprises 15 classic works of Luther. For the most important ones are: "The Bondage of the Will" (a response to Erasmus' humanism on free will); The Larger Catechism (an explanation of the 10 commandments, the Creed, the Lord's Prayer and the Sacraments) ;

Commentary on Galatians (explaining our Justification by faith without the works of the law); "A Preface of the Letter of St. Paul to the Romans" (this particular preface has been an instrument of salvation for many well known Christians). And "A Treatise on Good Works". Reading Luther will renew and invigorate your faith. Luther used to say that we need to hear the gospel everyday because we forget it everyday.

This edition is troubled by formatting errors on the iPhone, prose with hard line breaks producing an odd "double spacing" in a couple of works, but the material is all here in standard translation for a very affordable price.

How can one go wrong with classic highlights of the work the premier reformer Martin Luther. Furthermore, these works presented in Martin Luther's own "pithy" style are alone worth the expenditure. Highly recommend.

These works by Luther are key to understanding his theology. They give testimony to the Lord who purchased Luther with His own blood and who gave His Holy Spirit to teach Luther. It's great to have all of these in one digital work with the Kindle edition.

This is a very historically correct look at the life and views of a very important historical figure. He influenced modern Christianity and it is still felt today. This is a view into the life and times of Martin Luther, we also see his family. The opposing views are also discussed and show the new ideas are shown how they even changed some of the Roman Catholic practices.

great....used it for my bible study as a resource ...thank you Kindle for providing it ..it is wellworth reading....coming from a catholic background and having been a member of several protestant church.....his input is of great value and wisdom

This FREE Kindle Luther collection is entertaining as well as inspiring. I had long admired the man's work but had only tasted it feebly before but I am now close to completing THE BONDAGE OF THE WILL. The learned Doctor's humor and his passion for Lord Jesus shine brightly still after all these centuries!

Martin Luther, in my opinion, is the best expositor of the Bible and contender for the faith in since

the 1st or 2nd Century AD. To have these works available on the Kindle, for such a good price, is wonderful!
