Cute, fun books with happy rhymes that tell the Tale of Rusty Rooster and his farm friends. The friends try to help Rusty who is having a few problems and home that are making his wake up call to the others messed up. This is a fun book about helping others and how important each person's job is to others. Great job with a fun story and amazing illustrations in a book for kids to read or even better have read to them. Teaching and learning goes easier when you make it fun, thanks to the author for doing that!

This book is amazing and very charming. I really enjoy reading this book because it contain funny story. This book is perfect for bed time story and it is also a great guide for children who are starting

to learn reading. The author write this book very well written and easy to understand. I also like the pictures it is very attractive for children. I recommend this book to everyone. Kudos to the author!

The book is actually great for kids most especially for educational purposes. The grammar and the syntax is structured at the same time there were no typographical errors as far as I have read the book. I was actually entertained by the story and also learned something out of it. It has a wonderful and attractive illustrations with colorful farm animals. Kids would definitely love this book!

I was just browsing for kids bedtime stories and I saw this FARM ANIMAL:"RUSTY ROOSTER":Books for kids, Beginner readers early learning(Children's Book, Bedtime Story, Picture Book, Preschool kids 4-8)Animals story ... reader)Values (BIG LITTLE FARM Book 3). When I open the book my 6 years old and 3-year-old daughters says "WOW" they like the images it was colorful. They sat beside me and keep listening to the story of this farm animals. After many farm animals tried to yell in the morning, they choose the rooster to do the task. Overall, it was really a good book and highly recommended for kids.

Needed it for a kid's project. They are quite big for kids and yes, there is a clear join mark on the pig and the cow and I think the horse too between the neck and the rest of the body but that did not bug the kids at all. They loved playing with it. The toys are hollow rubber and have a bit of give when pressed hard and I think will last the kids forever.. Very satisfied..

This was a great book to read and it teaches two vital lessons. One is that we shouldn't jump to conclusions ad we saw how the other farm animals started blaming rooster for not waking them. They didn't know that he was experiencing problems. The other one is that we shouldn't take advantage of persons this was shown first when the other farm animals decided they would help rooster to wake up the others and the other one being when rooster's wife went on vacation. Overall this is a great kids book.

Very interesting and colorful book for children. My son was thrilled with the poems and pictures in this book. For a long time he view Illustrations and asked many questions. Thanks to the author for such a good and fun book. I encourage all parents to buy a book to her children.Thanks to the author for his work.

This is a great book to be read by parents to their kids during bedtime. I find this book effective in sending out some messages to our kids. Aside from the colorful and attractive images, the story itself is worth it. Essential moral lessons can be drawn here and can be imparted to young kids' minds.
