Introduction To Geometry, Grades 4 - 5 (Skill Builders)

Synopsis

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for fourth and fifth grade to help ensure that children master geometry math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

Age Range: 9 - 10 years

Grade Level: 4 - 5

Customer Reviews

wonderful beginners geometry book, although my second grader is doing it. I would give it to a younger child than what it specifies on the cover, "grades 4-5." Otherwise, a great workbook.

Not exactly what I was looking for but still a great resource.
