I have been a long-time participant of Precept Upon Precept Bible studies in a group setting. Those studies are no longer conducted at times I can attend, so discovery of Kay's Inductive Bible study series was wonderful. I purchased several and have started I Peter. I am having great fun and learning a lot through this method. By using the inductive method of Bible study, you discern God's message to you without the need of an intermediary to comment on or interpret His word. I highly recommend these studies.

This was purchased as a gift for a friend, although I have done many of Ms Arthur's studies and have found them all to be very informative. These studies guide you, but there is opening for personal interpretation (within reason).

Excellent, excellent study. I did this as a group study. We learned how to observe text, to interpret and apply the word of God to our lives. highly recommend this study!

I just started the study, but am being lead deep into the scriptures to help me understand the context of the time they lived in and how it applies to my life today. The greatness, love and compassion of our heavenly father leads us to live a holy life for Him.

I like the daily "work" load of this study. It is not something that members of a group study can do in an hour to prepare nor is it just too demanding for those who have a busy life.

Using this book to lead a small group bible study in our local library. Certainly not the full on Precept study, but certainly lends itself to good discussion without hours of homework and, for some, tedious lists.

The day we live in is getting more difficult -- just look at the news and politics. Mankind (this includes women) can only do so much and it is so very easy to slip into the thinking of the day because it feels right. Discernment is what we need --based upon the Word of God. This book is like a Bible study and is broken down into easy to read and understand sections. Questions to make you think about what you just read, what the Bible says and what you believe.

Good bible study so far! My small group has enjoyed it. Leaves the interpretation up to you but still points you in the right direction. Good for more knowledgeable Christians.
