This set was written by a new to me author. I enjoyed the set very much and look forward to reading more books by this author. I highly recommend this set for anyone that likes mail order bride books.

Wonderful series of Mail Order bride stories. Interesting characters with full details make each story come alive. Recommend to everyone! I truly enjoyed them!

I like reading the things they faced back then but really people are emotional & we haven't changed. Much in that way, it's very interesting to read. About different circumstances.
