Novum Testamentum Graece With Dictionary: Nestle-Aland (Ancient Greek Edition)

Synopsis

This is the twenty-eighth edition of the Nestle-Aland Novum Testamentum Graece (NA28). NA28 is the standard scholarly edition of the Greek New Testament used by scholars, Bible translators, professors, students, and pastors worldwide. Now NA28 has been revised and improved: Critical apparatus revised and easier to use; Papyri 117-127 included for the first time; In-depth revision of the Catholic Epistles, with more than 30 changes to the upper text; Scripture references systematically reviewed for accuracy.

Customer Reviews

I would be hard pressed to convince if I were told that this one book would change my studies and help enhance my love for the written Word of GOD. I would find it difficult to believe if told that this one compendium would be a must own and have its place right in my library as one of my go to books. As it turns out, I have been made a believer. After having read much about this edition well before its release, and after having owned the 26th edition, I was wondering if the changes would warrant a purchase, considering its steep price. I chose to take the plunge and purchase the Novum Testamentum Graece edition with Dictionary. The Institute for New Testament Textual Research in Münster has done a masterful job in this publication. I honestly cannot wait for this to be fully available in certain online Bible softwares! My review, unfortunately, will not cover the differences in the 28th and the 27th edition(as some people have requested that I do) for the simple reason that I never owned the 27th edition and don't intend to purchase it just to read through it and review the newer edition in comparison to the older edition. Manuscript Tradition The sheer richness of the

Churchâ™s tradition in regards to preserving the Word of GOD is highlighted wonderfully in this scholarly edition. A tiny little treasure trove placed directly between the front hard cover and first page is a tiny little pamphlet like insert that covers the consistently cited Witnesses along with the Signs and Abbreviations. Here you will see the sheer enormity of cited manuscripts as well as getting a general feel for the Greek Witnesses, of which I found particular interest was in the Book of Revelation.
