Modern Masters, Vol. 7: John Byrne (Modern Masters (TwoMorrows Publishing))

Synopsis

The next volume of the Modern Masters series celebrates the life and work of one of today's top artists, John Byrne! From the death of Phoenix to the rebirth of Superman, Byrne is one of the most influential comic book artists working in the business. On X-Men, he penciled the greatest stories in the history of the title and helped propel the X-Men to their current household-name status. His work as writer and artist of Fantastic Four returned the group to prominence within the Marvel Universe. And his reboot of the Superman mythology brought national attention to the comic book industry. This volume features an extensive, career-spanning interview lavishly illustrated with rare and unpublished art, as well as a large sketchbook section.

Customer Reviews

Right now, the 2 best resources for Byrne information & insights are: his official Internet site, and this here MM interview. This is incredibly well-done! So many memorable quotes & insights, I can hardly do it any justice. It's truly one-stop shopping on all things Byrne: his thoughts on his career, coworkers & other creators, editors, projects (why they did or didn't work and the behind-the-scenes info), favorite things in life, childhood, early career, present & future, and even on the creative process. *EVERYTHING* is touched on here, with various clips of artwork in black & white to support much of the material. Some Modern Masters volumes include color work; this is exclusively black & white: sometimes pencil; sometimes ink. It's nice that artwork is included in such a great amount: it truly adds detail to the words exchanged. A must-have interview for Byrne fans!-A quick

breakdown--Part 1- covers his childhood up to his time in art school.-Part 2- breaking into the industry & his days at Marvel. My favorite! See also Alpha Flight Classic, Vol. 1 (Uncanny X-Men). And Incredible Hulk Visionaries - John Byrne.-Part 3- it's all about DC & Superman. Beginning with Superman: The Man of Steel, Vol. 1.-Part 4- return to Marvel & then Independents, up to DC today.-Part 5- storytelling & the creative process.
