Customer Reviews

Absolutely hilarious series. Some of the references can be a little hard to understand as they reference many things from Japanese culture like manga series, bands, voice actors, idols, and celebrities

Gin Tama is one of those odd and offbeat mangas that blends different genres into an interesting yet very funny combination. If you like manga with a slightly different sense of humor like Cromartie High, you will like Gin Tama. This volume focuses mainly on the supporting cast of the Shinsengumi and ends on a cliffhanger.
