How We Got The Bible

Synopsis

How We Got the Bible provides factual, accessible answers to questions such as: How and when did the books of the Bible originate? In what sense are these books different from other books? How have these books been preserved and transmitted to us? Why do we have so many different translations of the Bible? A popular guide for Bible students, it has sold more than one million copies during its 40 years in print. Learn about the development of the most important book in history.

Customer Reviews

I've always wondered (and I'm sure many others have, too) how that Bible I'm always holding on Sunday morning got to be put together in the first place. But in this day and age of busy schedules who is really going to go to a library and do some exhaustive research on the subject? That's why you need to read this book, because the research is already done for you and presented in a way that even the average person can understand it. You won't be inundated with technical words and jibberish. The book (this is a review of the SECOND edition) is neatly divided into 13 chapters, each little over 10 pages long. Makes for easy reading during your lunch break or whatever freetime you have in your day. And as if that wasn't simplistic enough, each chapter is ended by a summary, followed by some questions that would make this book great in a classroom environment. The chapters are as follows: 1) The Making of Ancient Books, 2) The Birth of the Bible, 3) Manuscripts of the New Testament, 4) Other Manuscripts and New Testament Witnesses, 5) The Text of the New Testament, 6) Significance of Textual Variations, 7) Restoring the New Testament Text, 8) The Text

of the Old Testament, 9)The Canon of the Scriptures, 10)The Apocryphal Books, 11) The English Bible to 1611, 12) Recent Translations of the English Bible, 13)"My Words Will Not Pass Away".I found this book very helpful in answering my questions. Sure, it doesn't go very deep into any one subject, but that is not the point of this book. This book is only meant as a brief overview. If there is a specific aspect of the history of the Bible that you're interested in then you should look elsewhere.
