Catechism Of The Catholic Church: Complete And Updated

Synopsis

Here it is -- the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholic throughout the world believe in common. This book is the catechism (the word means "instruction") that will serve as the standard for all future catechisms. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. Here is a positive, coherent and contemporary map for our spiritual journey toward transformation. The Catechism of the Catholic Church is, as Pope John Paul II calls it, "a special gift."

I downloaded the Catechism of the Catholic Church for my Kindle Fire, and I am very disappointed

with the Table of Contents. I am a Faith Formation teacher and use the catechism on a daily basis. All references to the catechism found in Faith Formation documents and publications are listed as CCC and the number of the paragraph, i.e., CCC 125, CCC 2675, etc., etc. It is impossible to find references the way the Kindle catechism table of contents is laid out. I recommend that an additional page is added to the table of contents, listing CCC #s (at least every 25 paragraphs) for example - CCC paragraphs: 25 50 75 100 125 150, up to 2675; and when we want to go to one of those paragraphs, we would just touch the number and the kindle would take us to that paragraph. I came up with my own table of CCC #s and have to place it next to my kindle to make it easier to get to the paragraph I need. If I am asked to go to paragraph 115, I go to the location screen and type the location for paragraph 125, then just page back two or 3 pages to 115. But it would be so much easier to just touch paragraph 125 and page back, without having to look on my table for the location, typing it, and then page back. Is there any way you'all at can share this information with whoever can update the Kindle Fire digital Catechism so that customer satisfaction improves? Here is my table.
