Synopsis

Ever caught yourself screaming, "I could just kill that teacher"? What would it take to justify such antisocial behavior and weeks of detention? Especially if he's the best teacher you've ever had? Giving you an "F" on a quiz? Mispronouncing your name during roll call...again? How about blowing up the moon and threatening to do the same to Mother Earth "unless you take him out first?! Plus a reward of a cool 100 million from the Ministry of Defense! Okay, now that you're committed... How are you going to pull this off? A sexy new teacher comes to Class 3-E to do the students' job for them. When the 3-E students begin exhibiting signs of self-esteem, Principal Asano demands that Koro Sensei crush their spirits so they continue to set a bad example for the rest of the school to rise above. This was yet another great volume put out by viz. I was initially worried over how they would handle Irina and the classes nickname for it but it was handled well at first. However, people who may have read the versions from other translators may be turned off that Irina's name ends up by the students to be written as Vitch instead of the other after a key point in the second chapter. Oh well, its minor but if we imagine the difficulty that the Japanese students have with the Russian and v then perhaps it is most logical to write it this way. One thing I like is that there seem like a lot of extras in the

volume like the opening pages profile of characters, cover pages on chapters, more character profiles between chapters, and many more in between chapter things (like Korosensei's badminton, school assembly details and more. Then for a special they include that short chapter on Korosensei and The Mishaps of Saiki Kusuo which was a nice surprise. Lastly there are more character profiles. All in all, unlike a few of their other manga, Assassination Classroom is a pretty robust volume with extras and content. Loved it.

The second volume of Assassination Classroom picks up where the first volume left. It starts with a new character arriving: a sexy teacher named Irina Jelavić, who is in fact a professional hitwoman hired by the government. But of course, this is a comedy, and her latest assignment to kill Koro-sensei ends in an unexpected way. In Volume 2, the story goes on in a fast pace, introducing new characters including Irina and Asano, the practical-minded school principle who seems to know something about Koro-sensei. As in Volume 1, there are a healthy amount of gags here, and you can enjoy them without knowing the school culture of Japan. The second volume of Assassination Classroom has a bonus manga featuring Koro-sensei and Kusuo Saiki, the hero of Weekly Shonen Jump's gag manga Saiki Kusuo no Sainan (literally translated Disasters of Saiki Kusuo) created by Shuichi Asou. I hope Viz Media will publish this hit comic someday.

Volumes 1 and 2 were both great, hoping the following volumes will stay with that trend. This is good for you if you're in to more optimistic, light-hearted stories.

This was great! The joke about tentacles and what they NORMALLY find usage for in manga had me on the floor.

My daughter loves this series of books! She can read one a day, so I keep ordering!

i really enjoyed the series so far and the problems that have come up. the very concept is unique and filled with good variety. the ending tho.... Why!!! such a mean cliff hanger isn't nice!

Can't wait for vol 3!!!

This book is full of funny moments like the first one and the new teacher is a great addition to the

class. I can't wait to see what happens in the next book.
