Henry And Mudge And Annie's Good Move

Synopsis

In Henry and Mudge's eighteenth adventure, Henry's cousin Annie is moving -- right next door to Henry! Annie likes Henry and Mudge, but she's nervous about leaving her friends, and about changing schools, and about what might happen to her things on the moving truck. She's so nervous she's broken out in blotches. But Henry knows just the thing for a bad case of nerves -- a snuggle under a blanket with a big dog like Mudge!

Book Information

Lexile Measure: 400L (What's this?)

Series: Henry & Mudge (Book 18)

Paperback: 48 pages

Publisher: Simon Spotlight; Reprint edition (January 1, 2000)

Age Range: 5 - 7 years

Grade Level: Kindergarten - 2

Customer Reviews

My 1st grader loves reading Henry and Mudge books. The charming water color and ink pictures--and the realistic kid adventures--create an engaging experience for early readers. The author does an almost magical job relaying the fears, temptations and ambitions of childhood. Also, many kids can identify with Henry's passionate love for his big dog, Mudge. Plus, this series will appeal to both boys and girls. The series is at the 1st grade reading level. This book is a "chapter" book (not a "baby" book) with 3 Chapters, and about 40 pages of half text, half artwork. (Just to give you an idea of the reading level, the Henry and Mudge books are easier than Magic Tree House, but harder than the advanced Bob books.) This particular book deals with the excitement and fear of

moving from one house to another. Annie, Henry's beloved frisbee throwing cousin, moves in next door to Henry. She is nervous about the move but ends up adjusting well. It would be a wonderful book for a family who is moving, but the fears described--and creatively dealt with--also apply to many other childhood transitions. Note: you might want to purchase "Henry And Mudge the First Book" and also "The Careful Cousin" book before this book or with this book. Those two books introduce the characters used in the rest of the series. Enjoy! P. Gould, co-author of Feeding the Kids: The Flexible, No-Battles, Healthy Eating System for the Whole Family (Fork and Spoon Field Guides) (Fork and Spoon Field Guides)

The compassion and empathy Henry has for Annie during Annie's move is a good lesson. He doesn't care a bit about hankies and frilly dresses, but he knows Annie does and he helps comfort her while all her special things are packed for the move. It is the children that comfort one another, rather than the parents, but it is done in a way that a parent might comfort a child.

Book is in excellent condition. Dust cover is slightly worn. I was thrilled to locate and purchase this book for our school library. Mailing / packaging material good. Excellent price. Speedy delivery.

My son loves this book. He has read the whole series. They have them in his school too - really cute book
