## Customer Reviews

This book has been very helpful in helping me with lesson plans and discussions. I especially like the study questions and vocabulary, and the writer's strategy pages have been very useful. I recommend the book to anyone using The Giver in their class.

Helpful in the classroom. Was able to pull activities and easily tweak them for the needs of my students. Would definitely recommend!

I like the book. So far, my students love it and have many questions, BUT.... I have yet to receive the guide. Quite disappointed!!!! I have created my own activities because I have read and used the book before in literature circles.

Fabulous resource!!
