I really enjoyed doing this Bible study with my kids. However, I just want to warn the reader that if you're using this with a younger child, be aware that it does mention 'having s*x, and fornication. I wasn't prepared when it came up, and I'm glad my (8 year old) child wasn't reading it on his own. This may not be an issue for some, but it caught me off guard and I just wanted to give a heads up. Otherwise, we really got a lot out of this book!

David Walters has produced an excellent work of ministry in Fruit of the Spirit. Walters presents one of the New Testament's most referred to scripture in a most appealing format for children. As a parent, I was impressed with the simple Bible instruction and numerous cartoons. As a Sunday school teacher, I can report that my students were enthralled by the ease of language and enjoyed the discussions that followed the readings. In addition, the children found the chapter quizzes most helpful in remembering each gift and reinforcing the lesson. Finally, as a youth minister, I highly urge pastors and teachers to consider Walter's books in lieu of the children's studies that are

normally selected for group study. When the Gospel is taught simply, children simply teach others.

I'm not telling my 7 yr old he's going to hell for lusting. He doesn't even know what that is. I'm also not catholic so I'm not going to scare my kid toThe book states that god hates sorcery but in the next line says hating is wrong.This book does more harm than good. At the end of it he has more questions about sex and all the bad things about sex. And we have talked nothing about god or the bible or the fruits of the spirit.

An excellent study book for children of all ages. Makes very clear what the Bible says about the Galatians 5:22.

This bible study is a wonderful tool for helping children to understand the Biblical cncpts of the Fruit of the Holy Spirit in their lives

Didn't like arrangement of book. Not sure if certain material age appropriate.

it was okay.... i bought armor of God from this guy and it was great, this one was just okay. some of the comments and things he expected me to tell children was not going to happen.

I did this study with my little sis and she enjoyed learning about the fruit of the Spirits. It was an excellent study and easy for her to understand.
