Customer Reviews

An amazingly comprehensive workbook BUT NO ANSWERS at all are provided for correcting!!! If an answer book is sold separately, they should SAY SO!! It is absolutely useless as it stands, without answers.

Poor excuse for a language arts workbook. There are no answers at all to help with grading! Sure, I can figure it out on my own, but I'm a busy homeschool mom and appreciate the helpfulness an answer guide brings. Do not recommend to busy homeschool parents!

I was very disappointed in this book as it was written in and could not be used. I needed this book for homeschool and had to find another one to purchase.

I love the way the book is divided into three sections; lecture material, practice problems, and answer guide. My son used this resource as a review guide.

An excellent resource for basic grammar lessons. It provides an excellent review of lessons taught. I use it to tutor language arts. Stephanie O.
