Customer Reviews

While there was not any real action in this story there were a few revelations about the situation that Harry and Chicago finds itself in. And really any day with Dresden is a 5 star day. Things are growing more tense with the factions as they all decide that it does not really matter if the crimes were committed by their enemy or someone else. This could be their chance to wipe out the competition. Ready for the conclusion.

Some very clear continuity problems between this and the books. Pulls you out of the story. Great art though.

good, which there was a way to be notified when the next book comes out
