## **Customer Reviews**

This next installment of the K9 rookies unit is well written and suspenseful. It keeps you guessing who is really the murderer from the original book while capturing your attention about the latest crimes. Lee was released from prison just a few weeks before this story begins. He was framed and found guilty of murder, courtesy of a mentally unbalanced dirty cop. His innocence has been

established. Now he's back in his home town and working with his former sweetheart Ellen. Ellen is rich, a rookie K9 cop trying to break free of her overbearing mother and the sponsor of a new facility for training assistance service dogs. The continuing mystery around a spate of murders continues. One of the victims was Lee's sister. Lee and Ellen have a lot of history to work through and get past. But their attraction to each other scares them both. How they realize their true feelings is a sweet yet nerve racking scenario. Well worth the read.

K-9 stories are especially meaningful to me as the wife of a retired policeman. I appreciate the important work of the K-9 officers. I have six of the books about these dedicated officers and their 4-legged partners and these books will be passed around for other members of our family to read.

I gave five stars . You will want to read the whole series. Lee and Ellen trained the puppies the whole series. I enjoyed reading aboutl gave 5 stars. You will enjoy reading this series .Lee and Ellen dated in School and now train puppies for the K 9 units. Awesome read with a lot of Twists and turns. and romance. If you love dogs . Go for it !!! ^f

This is the fourth in a series of books about rookie K-9 officers in a small town in Arizona. Although a series, the book can be read as a stand alone. In this series, a class of rookie K-9 cops is keep in the town in which they trained due to a series of unsolved murders. A wealthy resident is funding their stay until the murders are solved. An added perk for the resident is that one of the rookies is her daughter, Ellen, whom she wishes would stay in her hometown but who wants desperately to leave to get out from under her mother's control. This book is about Ellen. Ellen's high school love, Lee, (who was run off by the mother during high school ) was framed for a crime he didn't commit by a dirty cop and served two years before evidence came to light that freed him. Before he was incarcerated, he had a successful dog breeding and training business and was saving money to become a vet. Ellen has used some of her trust fund to set up a program to train service dogs. It is growing by leaps and bounds and so Lee takes a job working for Ellen. A series of events during which their lives are in danger leads them to reexamine the feelings they had (still have) for each other. Nice continuation of the series but, again, could be read as a standalone.

Who doesn't love a good mystery? Who doesn't like dogs? Combination of both. Good storyline and characters. Top it off with the author being Eason and you have a great read.

I love the K-9 stories, I think they are wonderful. This story was great. I loved the guy who wants to be a vet and the rookie K-9 cop. I am eagerly awaiting the next book.

Easy read, fast paced and with lots of action. Had me sitting on the edge of my seat, holding my breath. Waiting to see just what was going to happen next.

story was very suspenseful but wished that it wasn't a series. I loved that romance was put in there too.
