## Customer Reviews

This has helped so much! My grandson was in the summer between fifth and sixth grade, do quite a bit older than the expected target age. But his handwriting was holding him back, it was almost 100% illegible. He settled in over the summer to work on this. After a few pointers like "start at the top of the letter, draw this letter this direction,,," he worked on it on his own. The improvement in his handwriting is impressive.
